

Extract By Encounter Type

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
Age at Neonatal Death	N0141	Calculated Age at Neonatal Death		
Arterial cord blood base excess / deficit	FAN0102	Indicate results of venous umbilical cord blood sampling indicating base excess or deficit as reported by birth hospital		
Arterial Cord Blood pH	FAN0103	Indicate results of arterial umbilical cord blood pH as reported by birth hospital		
Arterial cord blood test status	Y0020	Indicate status of arterial cord blood test	Not Done	
			Done	
			Unsatisfactory Specimen	
Baby's Sex	D0002	Indicate Sex of the baby on visual exam	Female	
			Male	
			Ambiguous genitalia	
			Unknown	
Bilirubin Measured within 72 hours of Birth	N0204	Indicate if Bilirubin was measured within 72 hours of birth while in your unit during this encounter. If TCB and TSB were used, select both. If baby is discharged and returns for testing within 72 hours, select Not Done.	Yes - Transcutaneous bilirubin (TCB)	
			Yes - Total Serum Bilirubin (TSB)	
			No - Newborn Transferred Out/Discharged	
			No - Declined	
			No - Reason Unknown	
			No - Reason other	
			Unknown	

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
Birth Hospital	Y02091	The name of the hospital where the birth occurred if Birth Location =hospital. Includes all Ontario hospitals with and without birthing units and some out of province and out of country hospitals.		
Birth Location	N0005	The location where the birth occurred (hospital, home, other)	Hospital	
			Home	
			Nursing Station	Primary health care facilities on First Nation reserves.
			Other Ontario location	
			Outside of Ontario	
Birth Order	R0038	Indicates the birth order of each baby (Twin A= first born, Twin B=second born), irrespective of live birth or still birth.	A	
			B	
			C	
			D	
			E	
			F	
			G	
			H	
			I	
			J	
			Unknown	
Birth Weight	N0012	Indicate newborn birth weight (grams)		
Birth Weight Is Unknown	N0012NO			
Consent for Use of Breast Milk Substitute	N4354	Consent for Use of Breast Milk Substitute	Evidence that consent was obtained	
			No evidence of consent	

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
Consent for Use of Breast Milk Substitute	N4354	Consent for Use of Breast Milk Substitute	Unknown	
Discharge Weight	N0052	Indicate newborn weight at discharge from hospital (grams). Enter 0 if weight is unknown. This field is mandatory on the Postpartum Child encounter if baby is discharged Home or to CAS (Apprehension).		
Generic Comment	D0021	Hospital specific comment		
Gestational Age at Birth (weeks+days; calculated using EDB and DOB)	N0014	The infant's gestational age at the time of birth derived using EDB and DOB in weeks and days. For NSO, gestational age is what is indicated on the newborn screening requisition		
Highest Serum Bilirubin >340 µmol/L	N0207	Indicates whether highest serum bilirubin > 340 µmol/L		
Highest Serum Bilirubin >425 µmol/L	N0208	Indicates whether highest serum bilirubin > 425 µmol/L		
Hyperbilirubinemia Requiring Treatment	N0205	Indicates whether hyperbilirubinemia required treatment		
Hyperbilirubinemia treatment	N0206	Hyperbilirubinemia treatment	Phototherapy	
			Treatment declined	
Infant Postpartum Length of Stay (Birth to Discharge)	N0053PPC	Neonatal Transfer Discharge date/time - Newborn date/time of birth		
Maternal Transfer from	D0044	Indicate whether Maternal transfer occurred or not. If there was a Maternal transfer, select originating location. Otherwise, select No Transfer.	Hospital - Name	
			Home Birth/MW Care	
			Nursing Station	Primary health care facilities on First Nation Reserves.
			Birth Centre	
			Other unit, same hospital	

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
Maternal Transfer from	D0044	Indicate whether Maternal transfer occurred or not. If there was a Maternal transfer, select originating location. Otherwise, select No Transfer.	Other	Other includes all other locations not identified in the pick list values. On the Labour encounter, select Other if the birth occurred outside of your facility prior to admission and no other pick list value applies. Then select 'Birth outside of hospital prior to admission' in Reason for Maternal Transfer From.
MW - Consult Reason Comments	MW0105	Comments about the reason for the consult, transfer of care or the use of hospital/outpatient/emergency services.		
MW - Consult/Transfer of Care/Emergency Flag	MW0100	Indicates if there were there any consults, transfers of care, or use of hospital/outpatient/emergency services during that period.		
MW - EMS Attend Home	M0532	Indication that Emergency Medical Services were called to home during pregnancy, intrapartum or immediate post-partum period.		
MW - EMS Attend Home Flag	MW0110	Indicates if EMS attended the home during the period.		
MW - EMS Transport Barrier	MW0112	Indicates if there was any barrier to transport by EMS.	None	
			Delayed arrival time of EMS	
			Delayed departure of EMS	
			Delay on route	
			Other	
MW - EMS Transport Flag	MW0111	Indicates if EMS was used to transport to hospital during that period.		
MW - Infant Consult	MW0019	Indication of whether there was a consultation with a physician for each listed infant condition or complication.		
MW - Infant Consult Reason Other	MW0102	Other infant condition or complication		
MW - Infant Discharged with Mother	N0057	For hospital births, indication of whether newborn was discharged with mother.		
MW - Infant Outpatient (+Emergency) hospital services	MW0061	For each listed infant condition or complication, indication of need for outpatient hospital services		

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
MW - Infant Reason for Consult	MW0059	List of Infant conditions or complications resulting in consultation with physician and/or transfer of care and/or use of hospital services.	Abnormal Newborn Blood Spot Screen	
			Ankyloglossia	
			Birth weight < 2500 g	
			Breastfeeding issues	
			Cardiac conditions	
			Dehydration	
			Findings on newborn physical exam	
			Followup related to prenatal tests/screens	
			Hyperbilirubinemia	
			Hypoglycemia	
			Infection	
			Jaundice requiring treatment	
			Meconium	
			NAS - Neonatal Abstinence Syndrome	
			Preterm issues	
			Respiratory conditions	
			Weight loss >10%	
			Neonatal Birth Complication \ Brachial plexus injury	
			Neonatal Birth Complication \ Caput succedaneum	
			Neonatal Birth Complication \ Cephalohematoma	
			Neonatal Birth Complication \ Clavicular fracture	
			Neonatal Birth Complication \ Facial nerve injury	
			Neonatal Birth Complication \ Birth injury - other	

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
MW - Infant Reason for Consult	MW0059	List of Infant conditions or complications resulting in consultation with physician and/or transfer of care and/or use of hospital services.	Other, specify:	
MW - Infant Reason for Consult All	MW0059A		Abnormal Newborn Blood Spot Screen	
			Ankyloglossia	
			Birth weight < 2500 g	
			Breastfeeding issues	
			Cardiac conditions	
			Dehydration	
			Findings on newborn physical exam	
			Followup related to prenatal tests/screens	
			Hyperbilirubinemia	
			Hypoglycemia	
			Infection	
			Jaundice requiring treatment	
			Meconium	
			NAS - Neonatal Abstinence Syndrome	
			Preterm issues	
			Respiratory conditions	
			Weight loss >10%	
			Neonatal Birth Complication \ Brachial plexus injury	
			Neonatal Birth Complication \ Caput succedaneum	
			Neonatal Birth Complication \ Cephalohematoma	
			Neonatal Birth Complication \ Clavicular fracture	

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
MW - Infant Reason for Consult All	MW0059A		Neonatal Birth Complication \ Facial nerve injury	
			Neonatal Birth Complication \ Birth injury - other	
			Other, specify:	
MW - Infant Transfer of Care	MW0068	For each listed infant condition or complication, indication whether there was a transfer from midwifery care.		
MW - Infant Transfer of Care Returned	MW0060	For each infant transfer from midwifery care, indication of whether care was returned.		
MW - Is the newborn in midwifery care	MW001564			
MW - Neonatal Transport to Hospital Flag	MW0107	Indicates if there was Neonatal transport to hospital during that period.		
MW - Newborn Admission to Hospital in Postpartum Flag	MW0119	Indicates if the newborn was admitted to hospital in postpartum period for a postpartum complication.		
MW - Newborn Feeding - 10 days	N0018	Indication of infant feeding at 10 days postpartum. "At 10 days" includes all the time between 3 days postpartum and up to 4 weeks.	Breast Milk Only	Breast milk refers to maternal or donor milk.
			Combination of breast milk and breast milk substitute	Newborn received one or more feed/s of breast milk and one or more feed/s of a breast milk substitute. Breast milk substitute refers to any food used as a partial or total replacement for human (mother's or donor) breast milk, including formula, water or tea.
			Breast milk substitute - Formula only	Newborn was fed formula only. Breast milk substitute refers to any food used as a partial or total replacement for human (mother's or donor) breast milk.
			Breast milk substitute – Other	Oral feeding given that is not breast milk and is not formula. For example, tea or water. Breast milk substitute refers to any food used as a partial or total replacement for human (mother's or donor) breast milk.
			None	Oral feeding not started, not possible or contraindicated.
			Unknown	
MW - Newborn Feeding at Discharge from Care	MW0071	Indication of infant feeding at time of client discharge from midwifery care. "At discharge from midwifery care" is greater than 5 weeks postpartum.	Breast Milk Only	Breast milk refers to maternal or donor milk.

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
MW - Newborn Feeding at Discharge from Care	MW0071	Indication of infant feeding at time of client discharge from midwifery care. "At discharge from midwifery care" is greater than 5 weeks postpartum.	Combination of breast milk and breast milk substitute	Newborn received one or more feed/s of breast milk and one or more feed/s of a breast milk substitute. Breast milk substitute refers to any food used as a partial or total replacement for human (mother's or donor) breast milk, including formula, water or tea.
			Breast milk substitute - Formula only	Newborn was fed formula only. Breast milk substitute refers to any food used as a partial or total replacement for human (mother's or donor) breast milk.
			Breast milk substitute – Other	Oral feeding given that is not breast milk and is not formula. For example, tea or water. Breast milk substitute refers to any food used as a partial or total replacement for human (mother's or donor) breast milk.
			None	Oral feeding not started, not possible or contraindicated.
			Unknown	
MW - Postpartum Admission to hospital	MW0056	For each listed postpartum maternal condition or complication, indication of need for admission to hospital in the postpartum period?		
MW - Primary Reason for Transport	MW0109	Primary reason for transport to hospital during that period; chosen from the list of reason(s) for transport.	Respiratory distress	
			Other neonatal clinical indication	
			Other	
MW - Rationale for Consult	MW0103	Rationale for consult.	College/Regulatory Body	
			Hospital/physician protocol	
			Midwife's discretion	
			Parental request	
			Other, specify:	
MW - Rationale for Consult (Other)	MW0121	NULL		
MW - Rationale for Transfer of Care	MW0104	Rationale for transfer of care.	College/Regulatory Body	
			Hospital/physician protocol	

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
MW - Rationale for Transfer of Care	MW0104	Rationale for transfer of care.	Midwife's discretion	
			Parental request	
			Other, specify:	
MW - Rationale for Transfer of Care (Other)	MW0122	NULL		
MW - Reason(s) for Transport	MW0108	Reason(s) for transport to hospital during that period.	Respiratory distress	
			Other neonatal clinical indication	
			Other	
MW - Unreturned Transfer of Care	MWUNRETC			
MW - Was care of client transferred back to midwifery	MWPM011			
Neonatal Birth Complications	N0021	Indicate all newborn complications and/or conditions	None	
			Brachial plexus injury	
			Caput succedaneum	
			Cephalohematoma	
			Clavicular fracture	
			Facial nerve injury	
			Other birth injury	
Unknown birth injury				
Neonatal Death	N0060	Indicate whether neonatal death occurred. Mandatory on BC encounter if Birth Outcome=Live Birth. (Not visible on BC if Birth Outcome=Stillbirth). Mandatory on PPC and NICU encounters.	No	
			Yes	
			Yes-With Termination of Pregnancy	

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
Neonatal Death Date	N0138	Indicate day/month/year of neonatal death		
Neonatal Death Time	N0139	Indicate time (24 hour clock) of neonatal death		
Neonatal Health Conditions	D0152	Indicate type(s) of neonatal health problems diagnosed during NICU/SCN stay	None	
			Hypoglycemia	
			NAS - Neonatal Abstinence Syndrome	
			Other	
			Unknown	
Neonatal Transfer Hospital From	D0116	Indicate name of hospital where neonate was transferred from following birth		
Neonatal Transfer Hospital To	FAN0029	Indicate name of hospital where neonate was transferred to following birth		
Neonatal Transfer/Discharge Date	N0054DT	Neonatal Transfer/Discharge Date		
Neonatal Transfer/Discharge Time	N0054TM			
Newborn Congenital Anomalies Confirmed	D0025	Identify all confirmed/diagnosed congenital anomalies; include treated and untreated.	None	No anomalies are suspected or confirmed.
			Head-Cranium & Brain \ Absent cerebellar vermis	
			Head-Cranium & Brain \ Absent cerebellum	
			Head-Cranium & Brain \ Acrania	
			Head-Cranium & Brain \ Agenesis of corpus callosum (ACC)	
			Head-Cranium & Brain \ Anencephaly	
			Head-Cranium & Brain \ Aqueductal stenosis	
			Head-Cranium & Brain \ Arachnoid cyst(s)	
			Head-Cranium & Brain \ Arhinencephaly	

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
Newborn Congenital Anomalies Confirmed	D0025	Identify all confirmed/diagnosed congenital anomalies; include treated and untreated.	Head-Cranium & Brain \ Arnold Chiari malformation	
			Head-Cranium & Brain \ Atresia of foramina of Magendie & Luschka	
			Head-Cranium & Brain \ Banana cerebellum	
			Head-Cranium & Brain \ Brachycephaly	
			Head-Cranium & Brain \ Brain tumor	
			Head-Cranium & Brain \ Calcification - intracranial	
			Head-Cranium & Brain \ Cavum Septi Pellucidum (CSP) absent	
			Head-Cranium & Brain \ Cerebellar & posterior fossa haemorrhage	
			Head-Cranium & Brain \ Cerebral AVM (arteriovenous malformation)	
			Head-Cranium & Brain \ Cloverleaf shaped head	
			Head-Cranium & Brain \ Congenital cerebral cysts	
			Head-Cranium & Brain \ Craniorachischisis	
			Head-Cranium & Brain \ Craniosynostosis	
			Head-Cranium & Brain \ Dandy-Walker malformation / variant (DWM)	
			Head-Cranium & Brain \ Dolichocephaly	
			Head-Cranium & Brain \ Encephalocele	
			Head-Cranium & Brain \ Enlarged cisterna magna	
			Head-Cranium & Brain \ Holoprosencephaly	
			Head-Cranium & Brain \ Hydranencephaly	
			Head-Cranium & Brain \ Hydrocephalus	
			Head-Cranium & Brain \ Iniencephaly	
			Head-Cranium & Brain \ Intracerebral haemorrhage	

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
Newborn Congenital Anomalies Confirmed	D0025	Identify all confirmed/diagnosed congenital anomalies; include treated and untreated.	Head-Cranium & Brain \ Intraventricular haemorrhage (IVH)	
			Head-Cranium & Brain \ Lissencephaly	
			Head-Cranium & Brain \ Macrocephaly	
			Head-Cranium & Brain \ Megalencephaly	
			Head-Cranium & Brain \ Microcephaly	
			Head-Cranium & Brain \ Plagiocephaly	
			Head-Cranium & Brain \ Porencephalic cyst(s)	
			Head-Cranium & Brain \ Posterior fossa cyst	
			Head-Cranium & Brain \ Prominent forehead	
			Head-Cranium & Brain \ Prominent occiput	
			Head-Cranium & Brain \ Seizures	
			Head-Cranium & Brain \ Septo-optic dysplasia	
			Head-Cranium & Brain \ Small cerebellum	
			Head-Cranium & Brain \ Subarachnoid haemorrhage	
			Head-Cranium & Brain \ Vein of Galen aneurysm	
			Head-Cranium & Brain \ Ventriculomegaly - mild (10-15 mm)	
			Head-Cranium & Brain \ Ventriculomegaly - severe (>15 mm)	
			Head-Cranium & Brain \ Other - malformations of the head & Brain	
			Face \ EARS-Ears - absent (anotia)	
			Face \ EARS-Ears - low set	
Face \ EARS-Ears - small (microtia)				
Face \ EYES-Anophthalmia				
Face \ EYES-Congenital cataract				

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
Newborn Congenital Anomalies Confirmed	D0025	Identify all confirmed/diagnosed congenital anomalies; include treated and untreated.	Face \ EYES-Cyclops	
			Face \ EYES-Hypertelorism	
			Face \ EYES-Hypotelorism	
			Face \ EYES-Macrophthalmia	
			Face \ EYES-Microphthalmia	
			Face \ EYES-Retinoblastoma	
			Face \ MOUTH-Cleft lip	
			Face \ MOUTH-Cleft lip & palate	
			Face \ MOUTH-Cleft palate	
			Face \ MOUTH-Flat face	
			Face \ MOUTH-Macroglossia	
			Face \ MOUTH-Micrognathia	
			Face \ MOUTH-Retrognathia	
			Face \ NOSE-Absent nose	
			Face \ NOSE-Choanal atresia	
			Face \ NOSE-Hypoplastic nose	
			Face \ NOSE-Proboscis	
			Face \ NOSE-Single nostril	
			Face \ Tumour of face	
			Face \ Other - malformations of the face	
Neck \ Cervical teratoma				
Neck \ Cystic hygroma				
Neck \ Neck tumour - other				
Neck \ Other - malformations of the neck				

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
Newborn Congenital Anomalies Confirmed	D0025	Identify all confirmed/diagnosed congenital anomalies; include treated and untreated.	Thorax \ Agenesis of lung	
			Thorax \ Bronchopulmonary sequestration (BPS)	
			Thorax \ Chest wall deformity	
			Thorax \ Congenital cystic adenomatoid malformation of lung (CCAML)	
			Thorax \ Congenital high airway obstruction (CHAOS)	
			Thorax \ Diaphragmatic hernia - Congenital (CDH)	
			Thorax \ Echogenic lung(s)	
			Thorax \ Eventration of diaphragm	
			Thorax \ Lung cysts-other	
			Thorax \ Pectus carinatum	
			Thorax \ Pectus excavatum	
			Thorax \ Pleural effusion(s) (hydrothorax)	
			Thorax \ Pulmonary hypoplasia	
			Thorax \ Other - congenital malformations of lung	
			Thorax \ Other congenital malformations of diaphragm	
			Cardiovascular \ Aorta - pulmonary window	
			Cardiovascular \ Aortic arch - double	
			Cardiovascular \ Aortic arch - hypoplastic	
			Cardiovascular \ Aortic arch - interrupted	
			Cardiovascular \ Aortic atresia	
Cardiovascular \ Aortic valve insufficiency				
Cardiovascular \ Aortic valve stenosis				
Cardiovascular \ Arrhythmia				

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
Newborn Congenital Anomalies Confirmed	D0025	Identify all confirmed/diagnosed congenital anomalies; include treated and untreated.	Cardiovascular \ Atrial fibrillation	
			Cardiovascular \ Atrial septal defect (ASD)	
			Cardiovascular \ Atrioventricular septal defect (AVSD) (endocardial cushion defect)	
			Cardiovascular \ Bilateral SVC (superior venae cava)	
			Cardiovascular \ Bradycardia (bradyarrhythmia)	
			Cardiovascular \ Cardiac dysfunction	
			Cardiovascular \ Cardiac tumour / mass	
			Cardiovascular \ Cardiomegaly	
			Cardiovascular \ Cardiomyopathy - dilated	
			Cardiovascular \ Cardiomyopathy - fetus of diabetic mother	
			Cardiovascular \ Cardiomyopathy - hypertrophic (HOCM)	
			Cardiovascular \ Coarctation of aorta	
			Cardiovascular \ Common atrium	
			Cardiovascular \ Complete Heart Block	
			Cardiovascular \ Incomplete Congenital heart block (CHB)	
			Cardiovascular \ Congenital heart disease	
			Cardiovascular \ Coronary artery fistula	
			Cardiovascular \ Dextrocardia	
			Cardiovascular \ Dilated ascending aorta	
			Cardiovascular \ Diverticulum - LV	
Cardiovascular \ Diverticulum - RV				
Cardiovascular \ Double inlet ventricle (DIV)				
Cardiovascular \ Double outlet ventricle (DOV)				

Encounter: Postpartum Child

Newborn Congenital Anomalies Confirmed	D0025	Identify all confirmed/diagnosed congenital anomalies; include treated and untreated.	Cardiovascular \ Ductus arteriosus - premature closure	
			Cardiovascular \ Ductus arteriosus aneurysm	
			Cardiovascular \ Ductus arteriosus - Patent (PDA)	
			Cardiovascular \ Ductus venosus - agenesis	
			Cardiovascular \ Ebstein anomaly	
			Cardiovascular \ Ectopia cordis	
			Cardiovascular \ Endocardial fibroelastosis (EFE)	
			Cardiovascular \ Fibroma - cardiac	
			Cardiovascular \ Hypoplastic left heart syndrome (HLHS)	
			Cardiovascular \ Hypoplastic right heart syndrome (HRHS)	
			Cardiovascular \ Interrupted IVC (superior vena cava)	
			Cardiovascular \ Left atrial isomerism (heterotaxy)	
			Cardiovascular \ Mitral atresia	
			Cardiovascular \ Mitral regurgitation	
			Cardiovascular \ Mitral stenosis	
			Cardiovascular \ Mitral valve dysplasia	
			Cardiovascular \ Partial anomalous pulmonary venous drainage (PAPVD)	
Cardiovascular \ Pericardial/Paracardial cyst				
Cardiovascular \ Pericardial effusion				
Cardiovascular \ Persistent left SVC (superior vena cava)				
Cardiovascular \ Premature atrial contractions (PAC's)				
Cardiovascular \ Premature closure of atrial septum (PFO)				

Encounter: Postpartum Child

Data Element Name	BORN ID	Data Element Definition	Pick List Value	Pick List Definition
Newborn Congenital Anomalies Confirmed	D0025	Identify all confirmed/diagnosed congenital anomalies; include treated and untreated.	Cardiovascular \ Premature ventricular contractions (PVC's)	
			Cardiovascular \ Pulmonary (valve) atresia	
			Cardiovascular \ Pulmonary (valve) stenosis (PS)	
			Cardiovascular \ Pulmonary insufficiency	
			Cardiovascular \ Pulmonary valve dysplasia	
			Cardiovascular \ Rhabdomyoma(s) - cardiac	
			Cardiovascular \ Right aortic arch	
			Cardiovascular \ Right atrial isomerism (heterotaxy)	
			Cardiovascular \ Scimitar syndrome	
			Cardiovascular \ Shone's syndrome	
			Cardiovascular \ Single outlet ventricle	
			Cardiovascular \ Single ventricle (univentricular heart)	
			Cardiovascular \ Single ventricle / univentricular connection	
			Cardiovascular \ Situs inversus - cardiac	
			Cardiovascular \ Subaortic stenosis	
			Cardiovascular \ Supra ventricular tachycardia (SVT)	
			Cardiovascular \ Tachycardia (tachyarrhythmia)	
Cardiovascular \ Tetralogy of Fallot (TOF)				
Cardiovascular \ Total anomalous pulmonary venous drainage (TAPVD)				
Cardiovascular \ Transposition of great arteries - congenitally corrected (CCTGA)				
Cardiovascular \ Transposition of great vessels (TGA)				
Cardiovascular \ Tricuspid atresia				
Cardiovascular \ Tricuspid regurgitation				

Encounter: Postpartum Child
