Maternal Time of Admission for intrapartum care	M0501	Birth Mother	The time of maternal admission to hospital that results in the birth of her baby. Most often admission is inpatient but birth and transfer may occur without inpatient admission-may use ambulatory care admit time or ER triage time.		
Maternal Time of Admission for intrapartum care	M0501	Labour	The time of maternal admission to hospital that results in the birth of her baby. Most often admission is inpatient but birth and transfer may occur without inpatient admission-may use ambulatory care admit time or ER triage time.		
Maternal Transfer Back Date	M0600	Postpartum Mother	The date on which the patient transferred back or was re-admitted.		
Maternal Transfer Back Time	M0601	Postpartum Mother	The time at which the patient transferred back or was re-admitted.		
Maternal Transfer from	D0044	Birth Mother	Indicate whether Maternal transfer occurred or not. If there was a Maternal transfer, select originating location. Otherwise, select No Transfer.	No transfer	This value is on the L and BM encounters. Select if mother did not come from another organization and she has not delivered prior to admission. If the baby's birth occurred prior to admission, select Other.
				Hospital - Name	

Data Element Name	BORN ID	Encounter Name	Data Element Definition	Pick List Value	Pick List Definition
				Home Birth/MW Care	
				Nursing Station	Primary health care facilities on First Nation Reserves.
				Birth Centre	
				Other unit, same hospital	
				Other	Other includes all other locations not identified in the pick list values. On the Labour encounter, select Other if the birth occurred outside of hospital prior to admission. Then select 'Birth outside of hospital prior to admission' in Reason for Maternal Transfer From. This allows the baby's date of birth to be before the date of admission.
Maternal Transfer from	D0044	Labour	Indicate whether Maternal transfer occurred or not. If there was a Maternal transfer, select originating location. Otherwise, select No Transfer.	No transfer	This value is on the L and BM encounters. Select if mother did not come from another organization and she has not delivered prior to admission. If the baby's birth occurred prior to admission, select Other.
				Hospital - Name	
				Home Birth/MW Care	
				Nursing Station	Primary health care facilities on First Nation Reserves.
